

Pikesville High School
Expectations for Visiting Coaches
Stadium Contests

1. Teams will enter the Stadium from the parking lot entrance in front of the school.
2. Please instruct your players to cross over the track only on the protective mat when wearing their cleats. This also includes leaving after the game.
3. There is no running water in the stadium and you will need to bring along water coolers and ice, but there is a Port-a-pot available for your team.
4. Only a coach or manager from the visiting team is allowed in the press box to film the contest.
5. Teams are responsible for picking up trash around the team bench.
6. There is no parking allowed within the stadium.
7. Only team personnel – coaches, athletes, and managers – who are wearing proper team attire will be allowed on the sidelines
8. Team managers and assistant coaches should be listed on the team roster which should be presented at the ticket station if it hasn't been mailed prior to the contest.
9. Please limit the amount of time huddling with your team after the game and make your way to the bus as quickly as possible. This will help prevent many potential problems.
10. Teams should never clean their cleats on the track surface
11. The Visiting team will exit the stadium through the southern gate. The bus will be instructed to pick the team up at the end of the school driveway.

Thank you very much for your help and cooperation
